

NORTH CAROLINA

WE PROCLAIM CHRIST

to teens + adults through week-long
summer camp + year-round retreats

IN WESTERN NORTH CAROLINA

2020

WELCOME TO ADVENTURE

"Expect the Unexpected." - Oscar Wilde

Oscar Wilde said not to be surprised by unusual events -- anything might happen and probably will. Twenty-twenty was definitely a year we didn't plan on, but even still, we saw the faithfulness of our God. Because we were unable to run our summer camp program, we had to "walk by faith, not by sight." (2 Cor. 5:7) No matter what happens in our lives, we have a great reason to be hopeful because our confidence is not in the things of this world, but in God. Our hearts are filled with gratitude for each of you and the part you have played here at Whisper Mountain. With God's continued blessing and your ongoing support, we will continue to move forward with camp ministry in 2021.

Please prayerfully consider what you can give today to help us in our shortfall this year and to ensure WM continues to serve middle and high school students through camp ministry.

Trusting,
Marty Paul, Executive Director

"Praying...that God will open up to us a door for the word."

Colossians 4:2

Building the Vision Continues

We are halfway through Phase 1 on the building of our Camper Lodge. We are preparing to break ground to complete the rest of this phase! Learn more!

SCAN ME

Many people have complained this year of being zoomed out. The disconnect has been a real struggle for so many. I have actually really enjoyed the opportunity this year has provided to Zoom in. Through online Bible studies with our staff this spring and summer and with a youth group in Florida this fall, we have been able to utilize a new ministry platform for digital discipleship. While Zoom may not be ideal for large groups, it has worked great for small group studies. I was very impressed by the interest and participation and felt connected in a time of great disconnect.

I even encouraged some of our staff to continue the ministry of digital discipleship after our Bible study ended and was excited to see two of our guys start a weekly YouTube ministry.

Nothing about 2020 has been ideal. Though we are located in a mountain town removed from most of civilization, we are completely thankful for the opportunity to stay connected through small group Bible studies and discipleship. Funny how the technology has been here all along, but we never considered utilizing it until we were forced to. Can I encourage you? Don't zoom out. Zoom in.

Until Next Time Young People,
Shaun Werner, Assistant Executive Director

WHAT PEOPLE SAY | WHAT WE ARE ABOUT

"I love how you related God to what we do! I really felt like God moved in me here."

-- camper

Outdoor Adventure

"A great place to have fun but also connect with others and, most importantly, God."

--camper

"Getting away from online was the best part of camp for me."

--camper

Practiced Quiet

"What a special place this is! Thank you for your attention and for making us feel like family."

-- adult leader

Intentional Connections

"I loved my counselors. I feel like I'm closer to them than some of my best friends. They are great at connecting with you."

-- camper

"Whisper Mountain helped me grow closer to God, know how to find my identity in Christ, and help me understand things I didn't understand before I came."

--camper

Biblical Teaching

"The highlight for me was everyone knowing my name."

--camper
